

The Multi-Camera Production and Streaming Tool  
you've been saving for—at a price  
that shortens the wait

## TriCaster™ 40

Finding a way to produce high-quality video programming can be a challenge when you're on a tight budget. But now, there's an easy way to avoid the pitfalls of discount equipment that doesn't measure up, pieced-together set-ups with hidden costs, and complicated controls that require a master technician.

TriCaster 40 is an all-in-one live production and streaming system that lets you publish live media, reaching more viewers—in more places—affordably. It's the answer you've been looking for to solve your switching, streaming and recording demands—in one compact system. Right out of the box, push the boundaries with bigger-looking, network-quality live productions—every time.

Specially priced options are available for education.

Multi Standard pricing and availability may vary. Please contact your local reseller for details.

TriCaster 40 Front Panel

### At a glance:

- High Performance at a Low Price**  
 You can now create and publish stunning shows in HD, and stream live at the same time—even on a tight budget
- Quick to Set Up. Easy to Use**  
 Set up your entire real-time production easily, in minutes; plug in, add cameras and start creating
- Cart-and-Carry Portability**  
 Gain a huge advantage with full mobile capability in a small package—from room-to-room, to studio and on the road again—get there first, faster
- Bigger and Better-Looking Shows**  
 Don't compromise your brand for low-quality productions; shows look polished and professional every time with four live camera inputs, computer sources, built-in effects, transitions, virtual sets, internal clip player, titles and graphics

Professional-grade live production doesn't have to cost a fortune. Keeping up with the demands of viewers, and streaming live wherever your audience watches—are now easy to do, and affordable for smaller budgets, too.
